Premium StyleLine range in Heritage White woodgrain.

OUR PVC PRODUCT RANGE

INTRODUCING OUR PRODUCTS

We offer you the opportunity to enhance your home with a wide range of high quality products, from our premium StyleLine and Residence Collection range through to our bespoke range of doors. We offer a comprehensive selection of styles, colours and glazing options to enhance both performance and aesthetics, all designed to provide you with a warmer, more comfortable home.

04

COLOUR OPTIONS

The perfect way to make a house a home, capture the ideal look for your home improvements with our selection of long-lasting colours that can be tailored to you.

04

SECURITY OPTIONS

Peace of mind is achieved easily with our modern designs, manufactured to protect your home to a contemporary standard across the board.

06

GLAZING OPTIONS

A subtle way to bring a personal touch to your home, our glazing options combine function and form to offer a practical and eye-catching option.

08

STYLELINE WINDOWS AND DOORS

High security, authentic timber alternative frames with minimal maintenance. Available with both sculpted and flush sashes.

12

2800 SCULPTED STORM FRAMES

An ornate sculpted aesthetic embracing a modern design, high security and high quality engineering standards.

14

2500 CHAMFERED STORM FRAMES

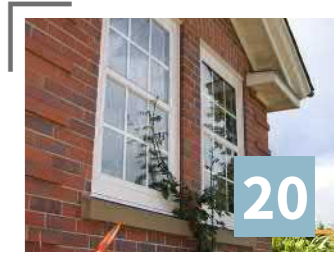

A more traditional sloped finish inside and out, mimicking traditional wooden frames with clean, sharp lines.

16

HERITAGE FLUSH SASH FRAMES

An external flush sash designed to complement the 2800 sculpted frame, high performance with timber external appearance.

20

TILT & TURN WINDOWS

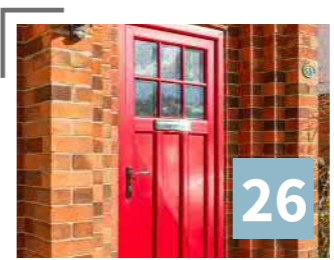

A typically continental style frame which opens inwards, ideal for large openings and maximum ventilation. A multi-functional investment for your home.

22

COMPOSITE DOORS

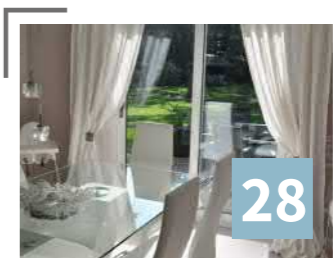

Timber effect GRP doors with maximum kerb appeal, minimal maintenance and outstanding thermal performance. Designed to perform, with style.

26

RESIDENTIAL DOORS

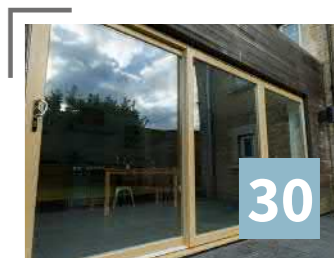

High security doors in a wide range of colours and designs, available in both sculpted and chamfered frames. A traditional focal point for your property.

28

FRENCH DOORS

Traditional double opening doors, with high security locking available in both sculpted and chamfered frames.

30

PATIO DOORS

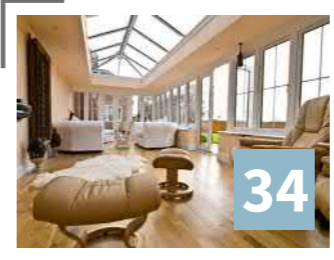

Best in class sliding doors with robust design and excellent weather performance, air and water tightness.

32

BI-FOLD DOORS

Panoramic folding sliding doors from our aluminium range of products, wide range of opening styles and colours.

34

ORANGERIES

Offering the best of a conservatory and house extension, the orangery is the definitive way to enjoy increased space with charm.

Stand out with Colour

We offer a comprehensive range of beautiful, high quality and durable colours across all of our products. This means you'll be able to style your new home improvements in a way that perfectly suits you.

Match Your Perfect Colour

We also offer a wide range of high quality woodgrain foils, which allow you to fully capture the traditional aesthetic of timber. All colours are professionally applied with a high performance finish, meaning they will maintain their fullness over many years.

Endless Possibilities

Our whole colour range is available across all of our products, meaning you'll have an extensive choice no matter what you opt for. Whether you're looking to bring a traditional charm to a modern property or a period flair to a new build, we'll be able to offer you a colour option that fits perfectly. We also offer a high quality dual colour option.

The colours we offer include 'Anthracite Grey', 'White', 'Cream', 'Chartwell Green', 'Irish Oak', 'Golden Oak', 'Rosewood', 'Nut Tree', 'Black/Brown', 'Dark Red', 'Slate Grey', 'Grey', 'Antique Oak', 'Rustic Cherry', 'Soft Cherry', 'Grey Cedar', 'Steel Blue' and 'Fir Green'. We also offer a bespoke colour generator which allows you to tailor your choice to perfectly suit you.

We also offer a bespoke spraying service so we can colour your frames to any RAL colour using our new water based colours.

Water Based Colour Finishes

Our water based colours do not use any solvent fumes or harmful waste, making them more eco-friendly, helping you to reduce your carbon footprint.

Their anti-heat technology ensures an outstanding 30 year life expectancy and a 10 year guarantee. There's no risk of flaking or peeling either, not even in constant direct sunlight.

We offer 8 in-stock colours meaning you can be enjoying the outside world framed in colour in no time at all. Have another colour in mind? We can help you select your perfect frame thanks to our wide range of RAL colours.

Please note that all water based sprayed frames will have a 1.5mm pencil line finish (both on outer frame and sashes).

We offer a wide range of high quality glazing options, allowing you to tailor your choice to perfectly match the aesthetic of your home. You can also opt for privacy and solar glass for increased comfort and performance throughout the year.

All of our glazing options are manufactured using premium materials and professional techniques, ensuring they uphold an outstanding level of structural integrity. This will allow you to enjoy complete peace of mind.

Authentic Timber Alternative Frames

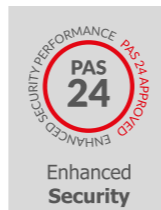

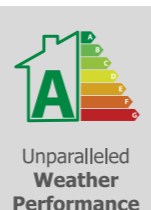

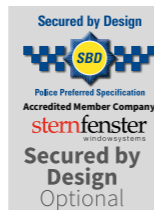

KEY FEATURES

- Authentic timber appearance
- High security internal beading
- Stormproof rebated sash
- Optional flush fitting sash
- Seamless finish to fusion welds
- Mechanically joined mullions and transoms
- Dummy vents throughout
- Equal glass sightlines

WHAT IS THE STYLELINE RANGE?

Using the most advanced manufacturing technology the StyleLine range enjoys a unique seamless finish to the fusion welds which, unlike normal PVC windows, replicates the aesthetics of a timber frame without any of the maintenance problems.

Timber aesthetics of a mechanical join.

OFFERING A UNIQUE STANDARD OF HOME IMPROVEMENT QUALITY

The StyleLine home improvement range achieves an exclusive degree of quality, utilising the pioneering graf welder throughout the manufacturing process to ensure a seamless finish to the sash and the outer frame.

Not only does this allow all StyleLine products to achieve a beautiful aesthetic, it also enables them to achieve an enhanced degree of structural integrity within the profile because no vinyl is lost at the corner joint. Flawless and the first of its kind, this range simply offers more.

Irish Oak StyleLine window with horizontal feature Georgian bar.

StyleLine
 where window technology meets art

White woodgrain StyleLine bay window with feature Georgian bar, combination of opening and dummy fixed casements to give equal glass sightlines.

Setting the Standard for Window and Door Performance and Appearance

“ We had a few local companies round but after seeing the StyleLine sample we decided to go with your company. Our neighbours had their windows changed a few years earlier but our smooth joints look so much better! We also love the fact that our windows have equal sized glass panes which line up perfectly. ”

SEAMLESS STYLELINE CORNERS

Revolutionary machinery allows our StyleLine range to bypass the unsightly grooved corners that most PVC products have from the corner cleaning stage.

AUTHENTIC TIMBER ALTERNATIVE

The pioneering manufacturing process means that the StyleLine range of windows effectively replicate the look of traditional wooden joinery.

CERTIFIED SECURITY

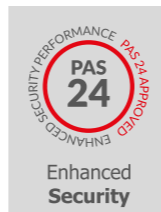

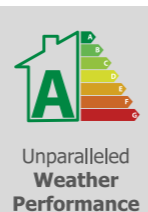

Compliant with British Standard Kitemark and PAS 24 standards for security, with optional upgrades to enhance security standards with laminated glass.

White 2800 fully sculpted casement window with dummy vents and feature Georgian bar.

White 2800 fully sculpted internal window with Georgian.

OUR PVC CASEMENT WINDOW RANGE

2800 SCULPTED STORM FRAMES

WHAT IS A 2800 SCULPTED WINDOW?

This 70mm PVC window range represents the state of the art in window and door design; embracing modern styles, high security and high quality engineering standards.

Alongside the 2800 design, our PVC casement window range is available in two other styles, our 2500 chamfered range and our 2800 flush sash range.

2800 SCULPTED

Fully sculpted profiles integrate easily into all types of architecture, enhancing the appearance of your home.

DISTINCTIVE LOOK

Sculpted detailing to the sash and outer frame on both the inside and outside of the frame. This allows for a fantastic finish.

PEACE OF MIND

Tried and tested in accordance with a police-backed initiative, these windows are available with a Secured by Design certification.

White 2500 chamfered casement window.

CHAMFERED WINDOW FEATURES

- Optional Secured by Design
- Full range of woodgrain foils
- Full range of decorative glass

OUR PVC CASEMENT WINDOW RANGE
2500 CHAMFERED
STORM FRAMES

WHAT IS A 2500 CHAMFERED WINDOW?

With a sloped finish to the profile, our easy clean chamfered range of profiles offer a more traditional look to mimic old timber windows with sharp, clean lines.

This window system effortlessly captures a timeless appearance, which can be tailored to suit a comprehensive array of property styles and sizes.

CLASSIC HOME IMPROVEMENTS FOR THE MODERN AGE

Our 2500 chamfered casement range combines the elegance and styling of timber windows with all the benefits of PVC. This option is virtually maintenance free, with high thermal performance across a wide range of styles, colours and finishes.

White 2500 chamfered casement windows with dummy vents to give equal glass sight lines.

WEATHERPROOFING

To keep the wind and rain out, all our casement windows use our patented high performance, low sightline, multi-functional weather seals. This helps to keep your home comfortable.

THERMAL EFFICIENCY

With the airtight double seals, clever multi-chamber profile and high performance glazing, our casement windows offer superb thermal insulation. We make it easy to enjoy a warmer property.

HIGH SECURITY

There is no compromise when it comes to security. Our windows come with multi-point locking, secure night vent locking positions, optional claw locks and laminated glazing.

HERITAGE FLUSH WINDOW FEATURES

- Flush external appearance
- 2800 Sculpted internal sash and outer frame
- High security internal beading
- Multi-point security locking

- Optional fire egress hinges
- Optional sash opening restrictors
- Optional Secured by Design
- Optional StyleLine finish*
- Full range of coloured laminates
- Full range of decorative glass

Anthracite smooth grey Heritage flush sash casement window.

OUR PVC CASEMENT WINDOW RANGE

HERITAGE FLUSH SASH FRAMES

WHAT IS A FLUSH SASH WINDOW?

Flush sash windows comprise a window design that has been inspired by traditional timber joinery, meaning the sash sits flush within the frame to remove any protruding features. They offer homeowners a classic, charming addition to their property.

*The StyleLine Flush Sash has seamless welds on the outer frame and a 1.5mm pencil line finish on the sashes (with the exception of flat white which has 1.5mm pencil line to both outer frame and sashes).

INSPIRED BY TIMBER JOINERY, THESE WINDOWS OFFER AN AESTHETIC THAT DRAWS UPON THE ROOTS OF DOUBLE GLAZING DESIGN

Our flush sash windows feature an intelligent sash design that allows them to offer 'equal sightlines'. This means that the sash sits flush within the frame, resulting in a beautifully consistent finish. Their traditional appearance means they are perfect for conservation properties.

Available in over 26 different colourways and a comprehensive range of woodgrain foils, you'll be able to decorate your flush sash windows in a colour that perfectly suits your home and your own personal tastes. You're sure to be satisfied.

Internal Heritage flush sash sitting in the 2800 sculpted outer frame.

THERMALLY EFFICIENT

These windows achieve an 'A+' rated degree of thermal efficiency, trapping warm air within your home, allowing you to enjoy reduced heating costs.

HIGHLY SECURE

Outclassing their traditional counterparts, our flush sash windows achieve PAS24 standards of security for consistent peace of mind throughout.

AUTHENTIC FEATURES

Our flush sash windows feature authentic peg stay options, traditional butt or mitred joints and flush external contours for an authentic design.

OUR PVC CASEMENT WINDOW RANGE

HERITAGE FLUSH SASH FRAMES

You can choose from a wide range of glass styles and patterns. All our glass options are available in toughened or laminated glass for added security.

SOUND PROOF

These windows have been designed to reduce noise pollution, providing you with outstanding acoustic insulation. Glass options also include toughened or laminated glass for extra safety and security.

IDEAL FOR CONSERVATION

Beautiful flush external contours ensure these windows are in keeping with period properties. They have been designed to meet the requirements of most conservation officers.

STYLISH COLOUR RANGE

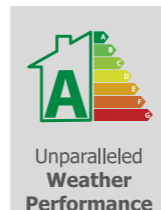

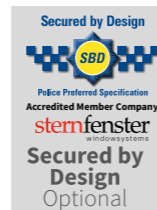

Our windows are available in a beautiful and varied colour palette, taking inspiration direct from nature. The Heritage Flush Sash will harmonise perfectly with any home surrounding.

Tilt & Turn windows with glazing bars.

KEY FEATURES

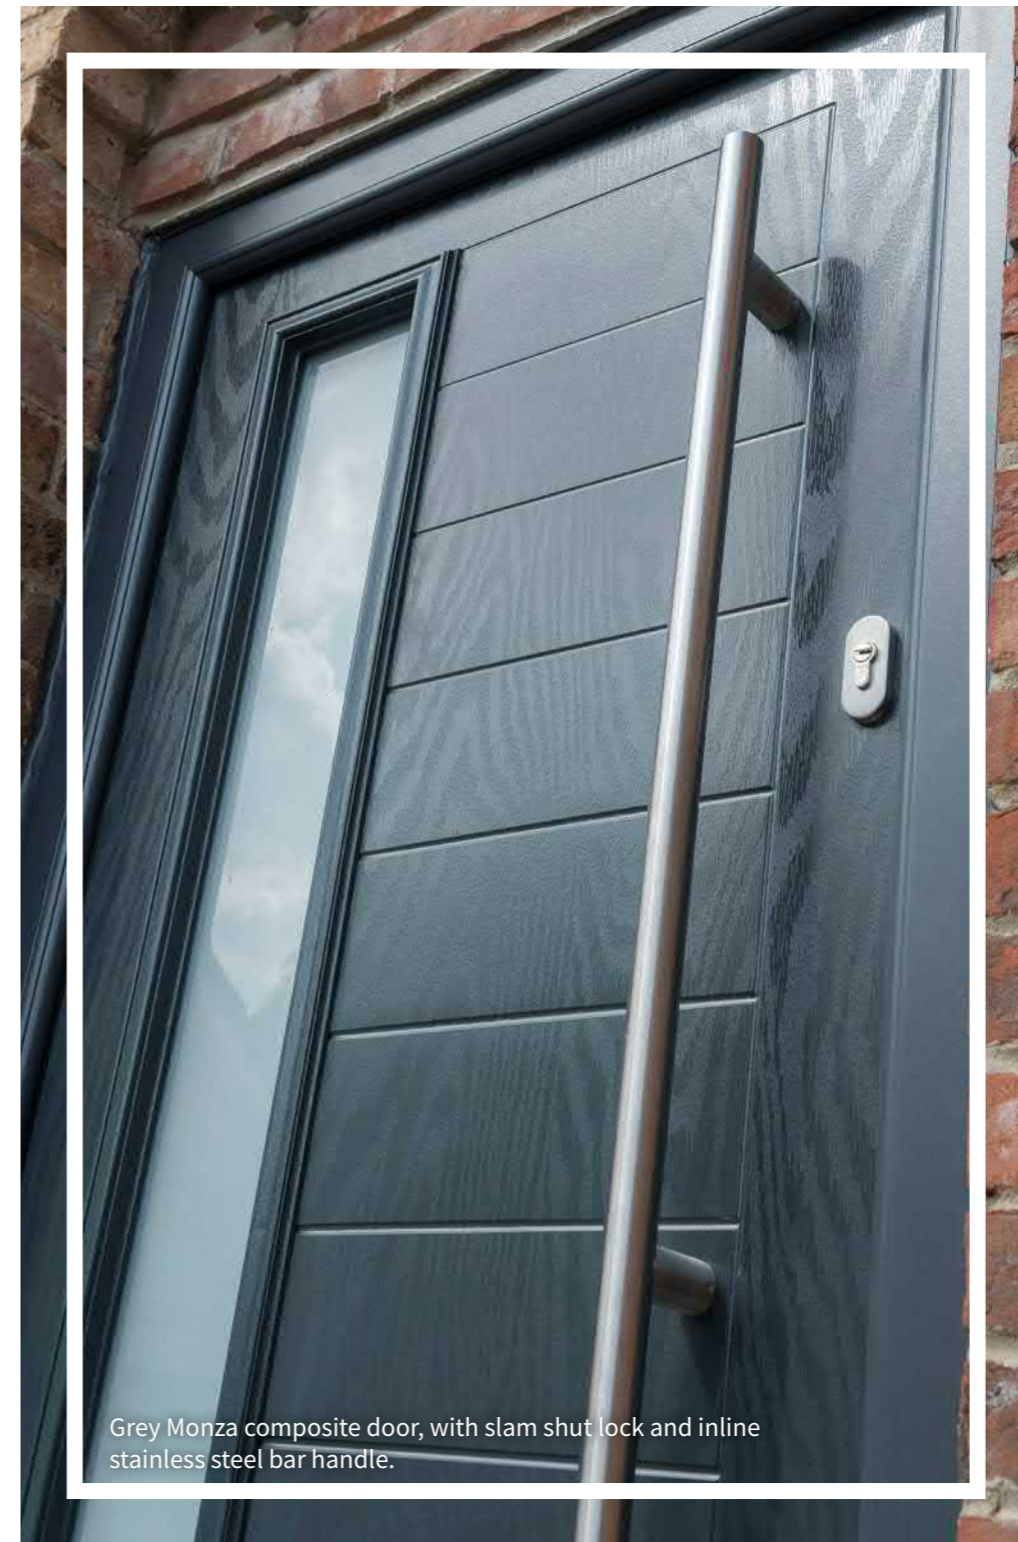

- Sculpted frame inside and out
- Stormproof rebated sash
- High security internal beading
- Multi-point security locking
- Sash tilt inwards from the top
- Sash can be fully opened from the side
- 28mm double glazing
- Low sightline grey gaskets
- Double weather seals
- Thermal chamber reinforcing
- Optional chamfered design
- Optional 40mm triple glazing
- Full range of woodgrain foils
- Full range of decorative glass

TILT & TURN WINDOWS

WHAT IS A TILT & TURN WINDOW?

A window that is specifically designed to maximise the glazing area, enabling larger than normal apertures which can be fully opened inwards to aid in cleaning. As well as the practical features, tilt & turn windows can provide excellent background ventilation when located in the tilt position.

Grey Monza composite door, with slam shut lock and inline stainless steel bar handle.

OUR DOOR RANGE

We offer a wide range of doors, from PVC single and double doors through to composite doors, patio sliding doors and aluminium folding doors.

All our doors are designed with security in mind and each different option has its own unique features to complement and strengthen your home.

- Double weather seals
- Optional anti drill, snap & bump cylinder
- Optional slam shut locks, manual and electric
- Wide range of handles and hardware
- Full range of colours available
- Full range of decorative glass

COMPOSITE DOORS

WHAT IS A COMPOSITE DOOR?

Composite doors combine a range of materials, including timber, PVC and glass reinforced plastic (GRP) to produce a door that excels in both performance and design. They are finished with a beautiful woodgrain foil to emulate the appearance of timber.

Modern Doors

We offer our doors in a variety of glazing configurations, so whether you are looking for high levels of light, a more private environment or you want to replicate an existing door, we have the style you need. Sidelights and toplights can also be used in combination with the doors illustrated, and some can be used for French Door applications.

 - Mechanical transom & mullion joints
 - Available in Premium and Standard colour ranges
 - Available in a wide range of styles to suit your requirements

PVC French door in anthracite grey.

FRENCH DOORS

WHAT IS A FRENCH DOOR?
 French doors feature an intelligent 'flying mullion' design that means no static fixtures are left behind once the door is opened. This allows you to enjoy unrestricted access and unobstructed views, making them a highly practical option.

Featuring a high performance profile, high security locking systems, innovative weather seals and a range of hardware, our French doors have proven to be a beautiful addition to both modern and traditional properties alike.

Our French doors can be decorated in a wide range of colours, including a wide range beautiful woodgrain foils that allow you to capture the appearance of timber doors without any obsolete or outdated problems that are usually associated with the material.

ADDING A CONTINENTAL FLAIR TO ANY HOME, FRENCH DOORS COMBINE FUNCTION AND FORM TO OFFER YOU MORE.

PVC French door in white.

LOW MAINTENANCE
 Due to the inherent qualities of the high quality PVC used in this door design, our modern French doors won't rot, warp or discolour over time.

THERMALLY EFFICIENT
 The heat from your home will remain in your home for longer, as these doors achieve an impressive, 'A+' rated standard of thermal efficiency.

HIGHLY SECURE
 Premium grade PVC is used to increase the structural integrity of the door, which is then enhanced with high security locks to operate to PAS24 standards of security.

PVC sliding patio door in white.

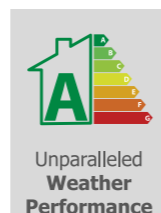

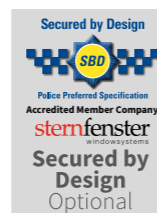

KEY FEATURES

- Chamfered frames
- High security internal beading
- Multi-point security locking
- Low sightline grey gaskets
- Double weather seals
- Optional anti drill, snap & bump cylinder
- Optional 40mm triple glazing
- Full range of colours available

PATIO DOORS

WHAT IS A PATIO DOOR?

Patio doors feature a unique opening mechanism that allows the door to slide open on a multi-wheeled rolling system. As no door panel fold is required, you will eliminate the need for swing space which will result in more living space for you to utilise.

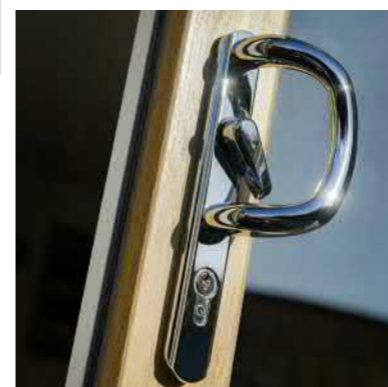

THE HIGH PERFORMANCE, STYLISH WAY TO INCREASE LIVING SPACE AND ALLOW MORE LIGHT INTO YOUR PROPERTY.

Patio doors feature a signature, multi-wheeled rolling system that allows them to open and close in a smooth glide. This design eliminates the need for swing space, meaning these doors can be installed in rooms of all sizes.

Utilising a market-leading profile, our patio doors offer exceptional standards of performance and design across the board. This includes impressive thermal efficiency, security, aesthetic and weatherproofing.

PVC sliding patio door in English Oak.

DURABLE HARDWARE

The intelligently designed rolling system we install has been designed to last, offering smooth and simple functionality even after extensive use.

LARGE GLASS AREA

Patio doors feature a generous glazed area with slim sightlines, allowing you to enjoy enhanced views and increased natural light allowance in any room.

THERMAL EFFICIENCY

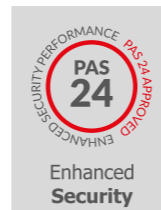

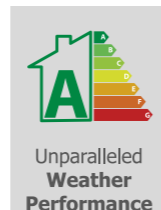

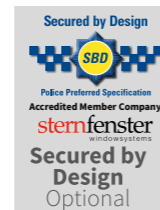

Our patio doors operate to an 'A+' rated degree of thermal efficiency, which means your home will remain comfortable throughout the year.

Grey aluminium corner bi-fold doors.

KEY FEATURES

- Configured to open in or out
- Available in a range of opening options
- High security internal beading
- Multi-point security locking
- Low sightline grey gaskets

ALUMINIUM BI-FOLD DOORS

WHY CHOOSE A BI-FOLD DOOR?

Panoramic folding doors transform any home. With an array of different options, finishes and colours our beautifully designed doors are perfect for living rooms, bedrooms, kitchens and orangeries.

A CUTTING-EDGE DOOR DESIGN, OFFERING A BEAUTIFULLY SEAMLESS CONNECTION BETWEEN YOUR HOME AND GARDEN.

All our bi-fold doors come with the quality and assurances you would expect from a well-designed product. The strength, durability and security of our products means you will enjoy maintenance free, reliable performance over a lifetime of use and exposure to the elements.

Please notify us if the products are to be installed in hazardous environmental conditions as this will affect the guarantee.

Anthracite grey aluminium bi-fold doors.

CORNER BI-FOLD

With no central post to spoil the view, once the doors are open you get a completely unobstructed view of the outside.

BRING THE OUTSIDE IN

Create a seamless connection to the outside with a set of bi-fold doors and enjoy your garden all year round.

ORANGERY

Integrating a bi-fold door into a conservatory or orangery is a great way to maximise the light and space of any room.

Lantern roof orangery with grey bi-fold doors.

ORANGERIES

WHAT IS AN ORANGERY?

An orangery is a conservatory-like structure that comprises a higher brick to glass ratio, allowing it to sit more in line with a traditional house extension. This means you'll be able to enjoy all the benefits of a conservatory with increased privacy.

Enhance Your Home with More, **For Less.**

Lantern roof orangery with grey bi-fold doors.

A high quality orangery has proven itself to be a worthwhile investment for any property, allowing homeowners to make the most of the space that they have. Whether your home is traditional or modern, we'll have a design for you.

Our orangeries feature an intelligent design that ensures they remain cool in the summer and warm in the winter. This means that no matter how you choose to use your new orangery, you can do so whatever the weather.

EXTEND YOUR HOME WITH A WARM, COMFORTABLE AND SPACIOUS NEW LIVING AREA THAT GUARANTEES SATISFACTION ALL YEAR.
